

GROSGRAIN

2023 Lemberger Pétillant Naturel

Red Mountain
100% Lemberger

The Lemberger Pet Nat is back! After experimenting with the methode champenoise for our sparkling Lemberger in 2022 (with delicious results) we've brought the Lemberger back to its pet nat roots in 2023. Still from the beautiful old vines (planted 1976) at Kiona Vineyard. This historic block was part of the first vineyard plantings on Red Mountain and the first Lemberger (aka Blaufränkisch or Kekfrankos) to be planted in the United States. When we launched Grosgrain in 2018 we had the wild idea to make a sparkling wine from these grapes and it has become one of our favorites.

Fermented at cool temperatures in stainless steel and bottled mid-fermentation to trap the carbonation created while the fermentation completes. Riddled and disgorged before release to create a fresh and accessible style of pét nat.

Rose-gold hued with persistent bubbles and aromas of strawberry, lychee, orange pith and white flower. Dry and racy with refreshing acidity.

CASES: 200
ALCOHOL: 11.6%
PH 3.16
TA 8.4
