GROSGRAIN

2025 Albariño

Walla Walla Valley
Philips Vineyard
100% Albariño

Our Albariño is sourced from the tiny Philips Vineyard in Walla Walla, a lower lying site just a short drive down the road from our winery and just north of the Oregon border. Planted entirely to Spanish varieties, and formerly known as Gateshead Vineyard, this is a site that we have worked with since our first vintage (2018). This wine was fermented and aged primarily in concrete eggs (87%) on its lees for 5 months, which brings bright aromatics along with great texture and minerality. The remainder ferments and ages in neutral French oak, bringing added dimension to the wine.

Crisp and fresh with pale straw color and aromas of Asian pear, white peach, lemon blossom honey and wet stone.
